Profile Summary

- Brings over 16 years of extensive experience in Financial Planning and Analysis, having contributed to the financial success of renowned organizations including Hero MotoCorp, Adani Power, L&T, and Jindal Drilling & Industries.
- Currently employed as Finance Head at Hero MotoCorp, leading end-to-end financial operations while aligning financial performance with broader strategic business goals.
- Developed a versatile skill set encompassing financial analysis, budgeting, variance analysis, and business partnering, all geared toward enhancing operational efficiency and stakeholder value.
- Demonstrates strong leadership and cross-functional collaboration, successfully guiding teams across departments to meet financial targets and drive continuous improvement in financial practices.
- Possesses deep knowledge of statutory compliance and financial regulations, ensuring full adherence to Income Tax, GST, and other regulatory frameworks while maintaining the highest standards of governance and integrity.
- Proficient in financial modeling, forecasting, and scenario analysis, enabling the development of precise projections and insights that inform strategic investments and long-term planning.

Career Timeline (Recent 4)

Notable Accomplishments Across the Career

- Successfully implemented SAP Fund Management Module, enhancing financial governance and enabling precise budget tracking and control across departments.
- Instrumental in organization-wide GST implementation, ensuring smooth transition, regulatory compliance, and minimal disruption to core business operations.
- Achieved capitalization of INR 20 Cr in pre-operative expenses, optimizing balance sheet representation and improving financial health metrics.
- Contributed to multiple EBITDA Augmentation Projects, identifying cost-saving opportunities and operational efficiencies, positively impacting the company's profitability.
- Spearheaded the successful settlement of insurance claims totaling INR 15 crore, accelerating recovery timelines, optimizing payouts, and enhancing stakeholder confidence through strategic negotiation and resolution.

Work Experience

Finance Head | Hero MotoCorp. Ltd., | Nov 2023 - Present

Key Result Areas:

- Developed and managed Annual Budget Plans (ABP) in coordination with departments, enabling accurate forecasting and alignment of financial resources with strategic business goals.
- Delivered monthly Budget vs. Actual Variance Analysis Reports, highlighting anomalies, controlling overspend, and providing actionable insights for senior management decision-making.
- Led cross-functional collaboration with departments, understanding financial needs, supporting planning, and ensuring seamless financial operations across the organization.

Compliance Management Software

Internal Control Systems

- ③ **Drove financial performance improvement through EBITDA-focused initiatives**, identifying cost-saving opportunities and optimizing key operational levers.
- ③ **Ensured accuracy, timeliness, and compliance in financial and MIS reporting**, including P&L, Balance Sheet, and KPI analysis on a monthly, quarterly, and yearly basis.
- ③ **Maintained statutory compliance** with Income Tax, GST, MSME Act, and other regulations through timely filings and proactive governance controls.
- ③ **Strengthened internal control systems and SOPs**, standardizing business processes to improve compliance, efficiency, and transparency across finance functions.
- ③ **Monitored Capex and Opex budgets**, maintaining financial discipline by controlling costs within approved limits and managing spend efficiency.
- ③ **Led end-to-end Procure-to-Pay (P2P) financial operations**, ensuring timely vendor payments, accurate MIRO processing, and adherence to PO terms and conditions.
- ③ **Collaborated with Big4 and internal auditors**, driving timely audit closures, addressing observations, and embedding continuous improvements in accounting practices.
- ③ **Performed detailed ledger scrutiny and inventory analysis**, ensuring hygiene of books, capitalizing completed CWIP, and identifying non-moving or near-expiry inventory for action.

Manager | Akums Lifesciences Ltd., | Sep 2021 – Nov 2023

Key Result Areas:

- ③ **Orchestrated enterprise-wide annual budgeting exercises**, aligning departmental inputs into a unified financial roadmap and delivering impactful presentations to executive leadership.
- ③ **Tracked financial performance against projections**, generating insightful monthly variance dashboards and surfacing key cost drivers and unusual expenditure trends for correction.
- ③ **Governed capital and operational spending**, enforcing financial discipline by aligning resource allocation with approved plans and proactively identifying cost containment opportunities.
- ③ **Crafted strategic MIS packs and executive financial reports**, transforming raw data into decision-enabling insights for CFO reviews, leadership meetings, and investor communications.
- ③ **Built dynamic financial models for P&L, Balance Sheet, and Cash Flow forecasting**, ensuring precision in forward-looking financial planning and performance measurement.
- ③ **Delivered profitability intelligence at plant and SKU levels**, helping steer pricing strategies, optimize resource deployment, and sharpen focus on high-margin products.
- ③ **Reviewed and validated procurement workflow**, ensuring financial coding (GL, Cost Center, Functional Area, IO) was accurate and consistent with budgeted allocations.
- ③ **Managed the complete finance operations lifecycle**, including vendor onboarding, account reconciliation, accrual bookings, and strict adherence to payment terms and policies.
- ③ **Led timely financial closures**, ensuring accurate ledger maintenance, asset capitalization, inventory tracking, and compliance with accounting principles across all reporting periods.
- ③ **Drove digital transformation in finance operations via SAP**, implementing Fund Management tools, enhancing asset tracking, and embedding system-driven controls in daily workflow.
- ③ **Partnered with internal and statutory auditors**, facilitating seamless audits, resolving gaps swiftly, and reinforcing a culture of compliance and financial transparency.

Deputy Manager | Adani Power Rajasthan Ltd., | Jul 2018 – Aug 2021

Key Result Areas:

- ③ **Led end-to-end Financial Planning & Analysis (FP&A)** activities including preparation of daily EBITDA reports, KPI dashboards, ageing analysis, material consumption tracking, and other critical MIS to support strategic decision-making.
- ③ **Delivered timely and insightful ad-hoc reports**, enabling agile responses to business needs and empowering management with real-time data interpretation and actionable insights.
- ③ **Conducted comprehensive variance analysis** of P&L and Balance Sheet items on a monthly, quarterly, and annual basis, identifying root causes and highlighting financial trends to leadership.
- ③ **Spearheaded annual budgeting processes**, collaborating cross-functionally with all departments to consolidate and present budgets (department-wise and GL-wise) to top management.
- ③ **Monitored Budget vs. Actuals** through detailed variance analysis, proactively identifying cost deviations, unusual expenditures, and ensuring budgetary control across the organization.

- ⊕ **Oversaw procurement-to-pay operations**, including PR approvals, vendor reconciliation, provision bookings, inter-company transactions, and ensuring compliance with PO terms (advance, retention, LD).
- ⊕ **Ensured robust financial governance**, including ledger scrutiny, timely capitalization of CWIP, GRN/SES booking, and maintaining hygiene in financial records.
- ⊕ **Collaborated with internal and external auditors**, facilitating accurate and timely monthly/year-end closures, provisioning, reconciliations, and audit support.

Assistant Manager | L&T – MHPS Boilers Pvt. Ltd., | May 2014 – Jan 2018

Key Result Areas:

- ⊕ **Directed daily finance operations** across the procure-to-pay cycle, ensuring seamless vendor invoice booking, timely payments in compliance with PO terms (Retention, Advance, LD), and maintaining financial discipline.
- ⊕ **Led monthly, quarterly, and annual financial closures**, ensuring accurate recognition of costs and revenues, and proper accounting of provisions in line with compliance and reporting standards.
- ⊕ **Prepared and delivered insightful MIS reports** for senior management, supporting data-driven decision-making and enhancing financial transparency.
- ⊕ **Managed customer billing processes**, ensuring timely sales invoicing and alignment with commercial terms to support revenue assurance.
- ⊕ **Liaised with internal and statutory auditors**, facilitating smooth audits through prompt documentation, reconciliations, and clarification of key financial records.
- ⊕ **Monitored bank guarantees (BGs)** issued by vendors, maintaining accurate records and proactively coordinating extensions to mitigate contractual risks.
- ⊕ **Collaborated with cross-functional teams**, including site offices and inter-unit entities, to ensure reconciliations, operational alignment, and financial accuracy across units.

Deputy Manager | Jindal Drilling & Industries Ltd., | Jan 2012 – May 2014

Key Result Areas:

- ⊕ **Oversaw end-to-end Accounts and Finance operations**, ensuring accurate financial management and compliance with regulatory standards.
- ⊕ **Prepared CMA data and monthly stock statements** to support working capital requirements and facilitate seamless communication with banking partners.
- ⊕ **Optimized utilization of available cash, CC/OD limits**, and managed fund flows to maintain strong liquidity and cost-effective financial operations.
- ⊕ **Managed RTGS and foreign remittance transactions**, coordinating with banks to ensure timely and error-free inward and outward fund transfers.
- ⊕ **Led the preparation and finalization of financial statements**, collaborating with internal and statutory auditors to ensure accurate reporting and audit readiness.

Senior Auditor | Grant Thornton | Oct 2010 – Jan 2012

Key Result Areas:

- ⊕ **Led diverse internal audit assignments**, preparing detailed reports and ensuring alignment with business objectives and regulatory standards.
- ⊕ **Supported strategic initiatives** such as process restructuring, flowchart development, and creation of Risk Control Matrices to enhance operational controls.
- ⊕ **Spearheaded SOP formulation and implementation**, driving process standardization and improving organizational efficiency.
- ⊕ **Prepared and discussed draft audit reports with process owners**, securing management insights and action plans with defined timelines.
- ⊕ **Finalized comprehensive internal audit reports**, ensuring timely submission of working papers and maintaining audit documentation quality.
